

GETTING THE MOST OUT OF OUR

# ZOOM CLASSROOM

**HELLO**  
MY NAME IS

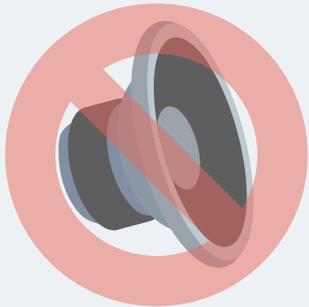

## REAL NAMES

Using your real name makes it easier for others to know who they are talking to and keeps us all safe.

## RAISE HAND

If you have something to contribute to the conversation or wish to ask a question, use the "Raise Hand" feature.

## STAY MUTED

Unless you are in a breakout room, stay muted until your teacher calls on you to avoid talking over others.

## BACKGROUND

Virtual backgrounds are a fun way to express yourself and protect your privacy, but make sure yours is school-appropriate.

## PRIVATE CHAT

Chat is enabled during our Zoom lessons, but only with the host (your teacher). Feel free to ask/answer questions there!

## BE READY

Do your best to be on time, try to review the work prior to the lesson, and know that it won't always be possible... and that's ok!
